

Thumb Buckets

Thumb Buckets

Our thumb buckets are ideal for final site clearance where bits and pieces have been left behind. They are also very good for handling tree stumps. A simple solution for sorting waste with hose holders to prevent trailing hoses becoming damaged or dirty.

Product features:

- Simple hydraulic requirements
- Side grip teeth

Our Service

When price is important, cost is more important and the maintenance and running expenses of the product are key to the profitability of the project. Mount Machinery understand this better than any other in the industry and have an accumulating in-depth knowledge, experience and expertise in working on machines every day.

Working with these ever advancing excavators, Mount Machinery has learnt to navigate the entire minefield of electronic/hydraulic auxiliary systems on diverse makes, models and sizes of excavator to keep your machines at peak performance for as little as possible so that you can concentrate on the job knowing you're in safe hands.

We're trusted by some of the biggest names in the construction industry, right across the UK. Whether you're looking to buy, hire, or have your existing excavator attachments repaired or serviced, there's one thing that's certain.

You'll experience a responsive, 'can-do' attitude, and simple, honest, on-time quality service. It's what makes Mount Machinery the preferred supplier of choice for hundreds of companies nationwide.

We strive to provide the service that far exceeds the customers' expectations!

We are the 'go to' advisors in the excavator attachment industry, the connection between the excavator attachment manufacturers and the contractors on-site because of our long standing experience and deep passion for innovation.
