

Non-Rotating Pulverisers

Non-Rotating Pulverisers

Non-rotating dedicated pulverisers are designed to follow up behind the 'cut & drop' phase in demolition to process, separate and sort the material for recycling. No rotation means the pulveriser element is more powerful and larger for the same weight. Miles more power than a mechanical pulveriser!

Product features:

- Optimum power
- Full ram protection
- Speed valve

Technical Details	FNP-1022	FNP-1422	FNP-2022	FNP-2422	FNP-3022	FNP-3822	FNP-4622	FNP-5622
Excavator Weight Range (T)	3-10	6-14	9-20	12-24	16-30	20-38	24-46	30-56
Self Weight excluding saddle (kg)	360	600	1100	1470	1850	2430	2940	3850
B - Jaw Opening (mm)	510	610	700	750	850	905	1025	1280
C - Jaw Depth (mm)	500	700	820	850	980	1060	1200	1260
D - Fixed Jaw Width (mm)	315	345	395	404	454	490	490	530
A - Overall Length (mm)	1050	1450	1850	1935	2290	2410	2705	2810

SALES

With a large range of reliable quality attachments and products and expert opinion to help find the best solution for you.

HIRE

Highly maintained, productive, powerful and reliable equipment available for hire now with full commission service.

SERVICING

Fast and efficient of hydraulic breaker gas re-charge, change of filters or just tighten up some bolts and a quick check over.

REPAIRS

With our highly equipped workshop and experienced technicians, Mount Machinery is competent to undertake very intricate and in-depth fault diagnosis often involving extensive testing, fabrication or sourcing unique components globally.

PARTS

Vast assortment of spare parts held in stock for immediate dispatch, reducing your potentially damaging downtime.

Our Service

When price is important, cost is more important and the maintenance and running expenses of the product are key to the profitability of the project. Mount Machinery understand this better than any other in the industry and have an accumulating in-depth knowledge, experience and expertise in working on machines every day.

Working with these ever advancing excavators, Mount Machinery has learnt to navigate the entire minefield of electronic/hydraulic auxiliary systems on diverse makes, models and sizes of excavator to keep your machines at peak performance for as little as possible so that you can concentrate on the job knowing you're in safe hands.

We're trusted by some of the biggest names in the construction industry, right across the UK. Whether you're looking to buy, hire, or have your existing excavator attachments repaired or serviced, there's one thing that's certain.

You'll experience a responsive, 'can-do' attitude, and simple, honest, on-time quality service. It's what makes Mount Machinery the preferred supplier of choice for hundreds of companies nationwide.

We strive to provide the service that far exceeds the customers' expectations!

We are the 'go to' advisors in the excavator attachment industry, the connection between the excavator attachment manufacturers and the contractors on-site because of our long standing experience and deep passion for innovation.
